GENERAL PRODUCT HIGHLIGHTS

**Aluminium frame and steel structure**

**Acoustic performance**  
The average amount of noise that Milli can block out is 35dB.

**Assembly & mobility**  
It takes 2-3 trained installers 30 - 45 min to assemble Milli Sit and Milli Stand.

**Power Outlets**  
Milli Sit and Stand are equipped with 2 AC power outlets and 2 USB charging outlets. (Input: 110 - 240 VAC, 10.1 A, 50 - 60 Hz / Output: DC 5V, 2.1A)

**Power & Data Connection**  
The standard Milli power and data cables are routed from the bottom. It is also possible to route power and data cables from the top available

only upon request. Please contact us for more information.

**Power Outlets**  
The basic power consumption of Milli Sit and Stand is 14 W. The value will increase when devices are plugged in to Milli's power outlets.

**Ventilation**  
Milli Sit and Stand both come with 2 IN ventilation fans and 1 OUT ventilation vent. Each fan generates maximum airflow of 118.2 CFM / 200.8 m3h.

**Lighting**  
The LED lights are installed in the ceiling panel and are activated by motion-sensor when entering the pod. They turn off automatically after a set time interval of inaction. The time interval can be set to 15, 45, 300, 900 seconds.

**Door Orientation**  
Milli Stand STANDARD door orientation is RIGHT - handed. Milli Sit STANDARD door orientation is LEFT - handed. When needed, the orientation can be changed on site or requested upon order.

**Door Lock**  
Standard Milli comes with a door handle without locks. Handles with locks are available upon request. For digital locks, please contact us to check if the specification is compatible.

**Seismic Safety**  
When installed in regions where seismic safety is required, you may order a seismic kit to anchor Milli units on the floor.

**Fire Safety**  
Sprinklers can be installed onsite. Please contact us for more details.

**Glass Safety**  
The glass is laminated which prevents the glass panels from shattering for users safety.

**Maintenance**  
All electronic parts can be easily replaced. There is no need to take apart the Milli unit to access the maintenance compartment. Please send us an email or notify your local dealers for more after service information.

**Floor Tile**  
The PET floor tile can be replaced.

**Warranty**  
Milli provides a limited 5 year warranty on structure and 2 year warranty on all electrical and/or expendable parts such as fan, power outlets, power cable, gas lift, etc.

**Milli Sit and Stand** acoustic pods

Create a private, quiet and peaceful space in your open-plan office

retailer details

Milli provides a minimalist approach to the office acoustic pod, offering you the right amount of 'quiet' for a better workspace experience.

Comes in two models, delivering two working position options: Sit or Stand. Available in black or white standard finishes or choose from 6 other colour options.

Milli
