Minimalist elegance at a competitive price range

Our Metaplay and Metasquare collections are our most economical ranges yet. Available with a large range of customizations; from leg shape to leg finish, desktop finish and panel type, find your own style and let your office reflect the style of your business.

Designed with flexibility and customization in mind, our optional telescopic beam with an adjustment range of 200mm can meet demands for different worktop sizes. We've also incorporated an internal leg levelling function for optimal comfort.

Even in a collaborative office environment, it's nice to have some level of privacy. Choose from a range of panel styles, types and colours to suit your personal preference. Comes as a standard fabric panel, or choose the internal metal plate option allowing you to use handy memo magnets. Panels are customizable with a range of accessories offering small storage solutions.

FEATURES

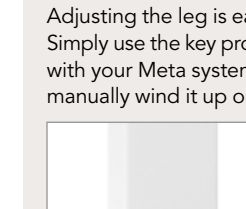

ALUMINIUM PROFILE TOOL BAR (AND ACCESSORIES)

Our Aluminium profile toolbar is every bit and stylish and sleek as the rest of the desk. Far from being an afterthought, the toolbar adds to the streamline silhouette and can function as a pen holder and paper tray.

LEVELLING LEG ADJUSTMENT

A clever internal mechanism delivers a leg height adjustment range of **5 – 15mm**. This serves as a handy table levelling function.

Adjusting the leg is easy. Simply use the key provided with your Meta system and manually wind it up or down.

ECONOMICAL PANEL OPTION

Perfect for every budget. Our economical panel option provides privacy and brings colour to your office, all at an attractive price point.

OPTIONAL TELESCOPIC BEAM

The telescopic beam is adjustable within a range of 200mm, which allows you to meet demands for different sized worktops.
