metasuite

All your practical needs for more space or less space are met with metasuite – with a choice of professional sideboards, and shelving systems. You can combine these to create a stimulating office environment with surprising ease. As a space saving or privacy option, our glass panel with a storage unit at its base is a clever choice. Match your desktop with your shelving, sideboards and storage solutions. MFC in a variety of colours, and the popular wood veneer look are available.

Here is a modern design that looks as good as you want to be in business! It exudes both style and efficiency. The robust modern metal frame of the desk is mirrored in the shelving unit – a very fresh design. Very practical too! The long shelves are supported by an under shelf bar which expands to 2000mm. It saves materials and makes more space. This professional minimalist look is enhanced by your choice of MFC or wood veneer look.
