

Designer Michael Ko envisioned a simple chair which could understand and intuitively respond to the needs of the user.

A winner of the international Red Dot Design award – the largest and most renowned design competition in the world – the Bodyflex Executive chair utilizes advanced technology to actively support your body throughout your workday.

Contact details

KOPLUS is one of the world's leading brands for high-end ergonomic office furniture. The seating designs featured here show what they are renowned for: simple, sensible, stylish and sustainable designs that intelligently offer advances in body fitting comfort.

The simplicity is striking, and the level of comfort achieved is made possible with advanced engineering technology and impressive moulding developments.

Extensive research into the human body and how people interact in the workplace – has resulted in dynamic solutions that make every chair feel like it was built just for your body! Enjoy!

BODYFLEX

SWITCH With its unique KOPLUS designed strong and flexible back support, Switch offers superb modern comfort. Simply adjustable seat and armrests make getting comfortable at work a pleasure.

BODYFLEX

Why is BODYFLEX so amazingly comfortable? Active Back™ supports your every move, encouraging a better ergonomic seating position. The combination of adjustable seating with the Active Back™ means your pelvis and spine are well supported – for whole body comfort.

reddot design award winner 2010

SYMBIAN

The seamless solid frame with its perfectly moulded back brilliantly supports the natural line of your spine. It simulates the S curve and movement of the human body, so the overall experience of the chair is that it flows effortlessly with natural movement. A stunning ergonomic design.

TONIQUE

Notice the dynamic contour of the TONIQUE chair. The auto-balance mechanism is impressive too. The recline and tilt functions work smartly by responding to your weight. The comfortable breathable mesh back and adjustable height and armrests make this range stand out in function and very modern looks. We can order any colour for you.
