

THE FINEST WORK+LIFE FURNITURE

Modern Solutions for Office and Home

THE FINEST STANDARD

We began producing high quality office furniture in Hong Kong in 1992. Now we market our office furniture through global partnerships around the world.
Our international success is due to two things:
Our reputation for the finest standards of excellence, and our strong commitment to constant innovation.
We respond to changing trends with leading edge style and clever simplicity.

Currently more people are balancing work at the office, with work at home. We are meeting this need by taking the modern practicality of our office furniture into the home environment. Just as our ingenious designs make work life a pleasure, so do our creative furniture solutions for home offices and living areas.

For Work+Life - you will find our extensive range of office furniture in the front of this catalogue, and Home+Life furniture at the back.

We manufacture our own impressive designs, and offer inspirational designs from sought after Europear designers. Rest assured everything we offer is made efficiently and sustainably.

World Class Showroom

If you are in Hong Kong, come and see the best of Finest, and our collaborations with leading European designers. Our showroom in Tsim Sha Tsui, Hong Kong is an impressive showcase, and a welcome oasis in the city where you can relax and explore your options.

Precision Production

Our modern 20,000m² factory in Guangdon, Foshan is where design and manufacture takes place. We use advanced German precision machinery renowned for high quality and efficiency. Our focus on sustainability starts in our clean factory environment, and the choice of materials we use and recycle.

The Finest
Design Nest
Hong Kong

Our latest innovation

Our latest innovative project is an inspirational co-working place designed by designers for designers. The exceptionally spacious 8200 square foot Design Nest is centrally located in Kowloon, Hong Kong. 82% of the area is set aside for client meetings, networking, events and talks. Collaboration and creativity is easy here with great resources, and a stunning European designed fit out.

OUR

PARTNERS 82

OFFICE SOLUTIONS

one touch

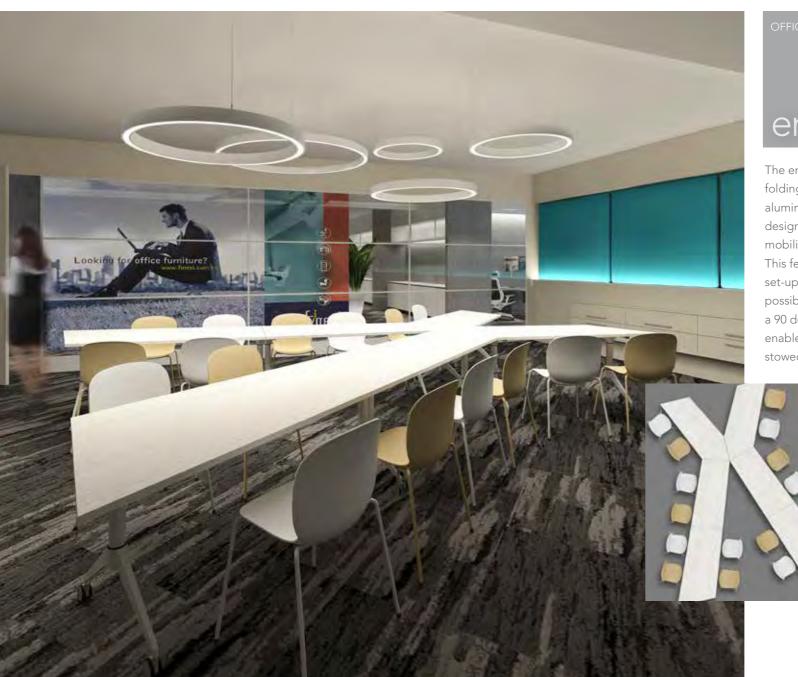

Just roll the table out to where you need it, lock the castors, then the One-Touch lift button lets you set and hold the position of the work surface. All done simply with

clever air pressure

Space & flexibility Table set up and break down is easy. They nest neatly together when not in use, taking up the minimum of space.

en•fold

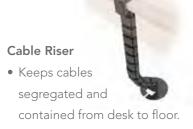

The en•fold table is a modular folding table with die-cast aluminium legs and castors designed to bring flexibility and mobility to your workspace. This feature makes a variety of set-ups within a single room possible, and, when not in use, a 90 degree folding mechanism enables the tables to be neatly stowed away.

• Easy to install, and a 5-piece extension kit is available.

CPU Holder

- Mounts vertically under the desk to save space
- Simply use the handle to adjust width and height from 50-100mm (width) to 200-358mm (height).

Monitor Arm

- Sturdy yet streamlined design made of high quality aluminium alloy.
- Comes with desk clamp and grommet mount.
